# INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories (publishers of the Wilmington City Directory since 1897), present to subscribers and the general public, this, the 1958 edition of the Wilmington City Directory, which also includes Audubon, Devon Park, Edgewood, Foxtown, Garden City, Hanover Heights, Highwood Park, Idlewild, Long Leaf Hill, Oak Court, Oak Crest, Piney Woods and Winter Park.

Confidence in the growth of Wilmington's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Wilmington to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labor will meet with the approval of every user, and that the Wilmington Directory will fulfill its mission as a source of authentic information pertaining to the community.

## Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city and vicinity, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city and vicinity. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a progressive community like Wilmington, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Wilmington, Audubon, Devon Park, Edgewood, Foxtown, Garden City, Hanover Heights, Highwood Park, Idlewild, Long Leaf Hill, Oak Court, Oak Crest, Piney Woods and Winter Park, and the name, official personnel, nature and address of each firm and corporation in the community.

811218  
III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fourth major department

### Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a port, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Wilmington and vicinity.

### The Wilmington Directory Library

Through the courtesy of the publishers of the Wilmington City Directory, a Directory Library is maintained in the offices of the Wilmington Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

#### Location

Wilmington, county seat of New Hanover County, is situated in the southeastern part of North Carolina, on the east bank of the Cape Fear River, about thirty miles from the Atlantic Ocean. This distance from the ocean is due to the fact that the Cape Fear River flows from Wilmington in a southeasterly direction. The distance from Wilmington to the ocean, via highway, is only twelve miles. Wilmington is approximately 200 miles from Charlotte, 135 miles from Raleigh, 190 miles from Charleston, S. C., and 265 miles from Norfolk. It is the principal deep-water port in North Carolina, with a 32-foot channel from ocean bar to Wilmington, distance of 30 miles.

### **Swimming and Beaches**

Excellent swimming facilities are available at ten popular ocean beach resorts in the immediate vicinity of Wilmington and at nearby sounds. Beach resorts include Carolina, Wrightsville, Fort Fisher, Kure's, Wilmington, Long, Caswell and Holden's beaches.

### **Fishing**

Fishing is enhanced by the activities of the New Hanover Fishing Club, largest organization of its kind in America. The annual Fishing Rodeo, April 1 through Nov. 30, sponsored by the Southeastern North Carolina Beach Association, offers cash and equipment prizes. The proximity of the Gulf Stream and availability of fishing-party boats make deep-sea fishing a popular sport. Waltonites have a choice of casting from pier, boat, strand or sound.

### **Camp LeJeune and Fort Bragg**

Camp LeJeune, a permanent U. S. Marine Corps training base, 50 miles northeast of Wilmington, is considered a local enterprise, for Wilmington serves thousands of enlisted and officer personnel from a week-end recreational and trading center. Thousands of soldiers from Fort Bragg, near Fayetteville, also spend week-ends in Wilmington and at nearby beaches.

### **Gardens**

Nature-lovers thrill to the springtime beauty of the azalea and camellia gardens at Orton and Airlie plantations, and the colorful plants and moss-covered cypress at Greenfield Gardens in the heart of Wilmington. All three are open the year round. Annual tours of outstanding gardens are conducted by the Garden Club. Private estates are visited by special arrangement. The annual Azalea Festival is held annually late in March or early in April.

### **Landmarks and Historic Ruins**

Settled in 1730, Wilmington has many famous historical buildings and landmarks, including British General Cornwallis' Revolutionary War Headquarters; several of the oldest churches in America; the church where Woodrow Wilson worshipped as a youth; the birthplace of Whistler's mother; historic Fort Fisher; Orton Mansion, built in 1725; and Colonial church ruins.

### **Population Increase**

Wilmington's population, within its city limits, increased rapidly between 1940, when it was 33,407, and 1950, when it was 45,043. Present population of New Hanover County is estimated at 72,500 and that of Wilmington is estimated at 54,500.

### **Industry, Transportation, Trade, Agriculture**

The economic life of the Wilmington area within the last few years has been undergoing a material change. This change has been due chiefly to the enlarging of existing manufacturing plants and the erection of new ones in the immediate territory. Wilmington has become justly famous for the handling and conversion of timber, petroleum, asphalt and fertilizer products; the fabrication of marine boilers, and the manufacture of hosiery, shirts, plush, velour, and paper products.

A recent factor that added to the industrial life of this area was the new steam generating plant of the Carolina Power and Light Company. This new plant assures more than an adequacy of electric power for the Wilmington area, for some time to come. The magnitude of this plant affords expansion also for other areas of southeastern North Carolina. Plans of the company contemplated expansion of the Coastal Plain area in that local installations were designed for four units. Two generating units have been installed, which normally develop 300,000 horsepower. Also, the Tidewater Gas Company has announced plans for the bringing in of natural gas to Wilmington and several other communities. Company officials contemplate that all details connected with the sale of natural gas in this area will be consummated at an early date.

With both water and rail transportations thus affording quick hauls and low freight rates, and near the sources of raw materials, Wilmington is a splendid spot for manufacturing industries. Two big railroad systems—the Atlantic Coast Line and the Seaboard Air Line—place the city near the great coal fields and iron-producing zones.

Wilmington is the center of one of the greatest vegetable-producing districts in North Carolina. It produces nearly \$2,000,000 in early crops, bulbs, flowers and truck crops.

Comparatively few years ago no strawberries were raised except for domestic use; now Wilmington is the center of one of the largest strawberry-growing districts in the South. It is a very large vegetable and peanut growing area (250 growing days per year, and equable rainfall).

Wilmington is the headquarters of the Atlantic Coast Line System.

#### The Port of Wilmington in Relation to Foreign Trade

Wilmington possesses a fresh-water harbor about thirty miles from the mouth of the Cape Fear River. It is open to navigation on a 24-hour basis, the river being adequately equipped with lights for night navigation. Ice conditions are unknown, and fair weather generally is prevalent. A deep-water channel of 34 feet is provided, insuring safe passage of deep-draft vessels, from the mouth of the river to Wilmington. Satisfactory turning basins are provided for the largest freighters afloat, and vessels from Europe, Latin-America, Africa and ports in other foreign countries call at Wilmington. In addition, there are vessels calling from the West Indies, and there is a projection for intercoastal and Far Eastern services.

The City Hall building at Third and Princess streets, erected in 1855, with its Corinthian columns, impresses local citizens and tourists alike. For its age of 100 years, it is in excellent condition.

Excellent rail facilities, afforded by two major railroads, are available for the satisfactory distribution of import commodities throughout the state of North Carolina and through the interior of the U. S. Wilmington, as a port, also is a focal point for export shipments, not only from North Carolina, but nearby and Mid-Western states. The import and export traffic through the Port of Wilmington is heavy and ever-increasing, which marks a successful port. Large quantities of tobacco, cotton goods, fertilizer materials, lumber products, food-stuffs and other commodities are handled regularly for export. The imports are varied. Vast quantities of petroleum products are shipped regularly into Wilmington for distribution throughout the state. Nitrate materials, sulphur, molasses, sugar, hardwoods, burlap and additional commodities constitute the bulk of the import traffic.

Recently the new facilities of the North Carolina State Ports Authority were dedicated, which are capable of handling three ships of the size of C-2 vessels at one time. The most modern handling equipment is used, and there are transit sheds aggregating 145,800 square feet of space and storage warehouse of 89,100 square feet. These terminals are the most modern of their kind on the Atlantic Seaboard and are properly equipped for the expeditious handling of either truck or rail traffic. The new terminals were constructed at a cost of \$5,500,000 and it is considered that they will be a great asset in influencing future business to and from the Port of Wilmington. \$2,500,000 will be spent in 1958 for new construction.

The city has, in addition to the new terminal facilities, some 600,000 more square feet of terminal warehouse space and wharves available, which will accommodate twelve ocean-going ships at one time.

Wilmington is North Carolina's major seaport city and the gateway of the State's commerce and trade. North Carolina is vast in area, larger than New York or Pennsylvania, and almost as large as New England. Wilmington is the natural distributing point for North Carolina and parts of South Carolina and Georgia. The port of Wilmington is the nearest Atlantic port to the Ohio gateways, and nearer Cincinnati than the competitive Port of Charleston by 15 miles.

The port is being located south of Hatteras, vessels are assured safety when operating from Latin-America and other countries south of the U. S., and it is in a very strategic position.

Wilmington is rapidly becoming an important port as far as inland waterway traffic is concerned, and is being served regularly by barge lines which operate from Northern points as well as those to and from Florida ports.

Wilmington is the terminus of six major highways of North Carolina's splendid good roads system, and the city also is an important point on the Ocean Highway extending from Portland, Maine, to Miami, Fla.; the Calhoun Highway from Athens, Ga.; the Dixie Highway from Memphis, Tenn., to the ocean of Wilmington, and U. S. Routes 17, 74, 76, 117 and 421.

Cattle grazing at Invershiel Farm, in Pender County, a few miles from Wilmington, demonstrating the ease of having year-'round pasturage for economical production of milk.

Bluethenthal Field is one of the most modern and efficient to be found between New York and Miami. It has two intersecting paved runways of 7,000 feet in length, and a cross runway of 10,000 feet. It accommodates jet aircraft as well as modern commercial aircraft operated by Piedmont Air Lines and National Airlines on scheduled flights. The entire airport area is 1,200 acres, with a modern administration building. Bluethenthal Field itself is serviced by the latest ILS equipment. The U. S. Weather Bureau office is located at the field, and reports are available on a 24-hour basis. Transient aircraft and aircraft of the Armed Services are always welcome to use this ultra-modern facility.

#### **An Ideal Place to Live**

Wilmington has a wonderful climate; no extremes of heat or cold. Average summer temperature, 78 degrees; average winter temperature, 48 degrees. The normal rainfall is 53 inches; average annual clear days, 132 (New York rainfall, 44 inches; clear days, 118. New Orleans, rainfall, 57 inches; clear days, 109). The mild climate and diversified opportunities make this city and section a haven for homeseekers.

Wilmington is a city of fine streets and parks, attractive homes, beautiful churches and modern schools, in a county netted by good roads. It is a place of up-to-date amusements, with some of the best beach resorts on the South Atlantic Coast within thirty minutes' ride of the city. Wrightsville Beach, eight miles east of the city, is an island resort of fame and renown. It is connected with the mainland by excellent half-hour bus service and causeway to Harbor Island just west of the beach. Carolina, Wilmington and Fort Fisher Beaches, south of the city, are mainland resorts with many delightful attractions. Wilmington's five fine beaches are among the only mainland resorts on the North Carolina coast where one can drive directly to the ocean in an automobile. The five beaches attract approximately 100,000 visitors every summer.

Salt and fresh water in the Wilmington area provide unparallelled sources of recreation and enjoyment. 114 recorded sailfish catches off Wrightsville Beach, during the summer of 1957 was quite a record.

The Wilmington Chamber of Commerce, P. C. Box 1698, welcomes the opportunity of answering questions about the city, the county and the fine beaches. Write the Chamber of Commerce for any information needed. You are assured of prompt, cordial and co-operative service, geared to a program of community development.

*Please!* Do Not Lend Your  
CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

## **OUT OF SIGHT! OUT OF MIND! OUT OF BUSINESS! . . .**

● The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

## CAUTION . . . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Is the woman single, married or a widow?

## ABOUT YOUR CITY

What is the city's history?  
What are the latest population figures?  
What is the latest statistical and general civic information?  
What are the leading industries and activities of the city?  
What are the names and locations of the schools?  
What are the churches and where located?  
Who are the pastors of the churches?  
What are the locations of the hospitals, homes and asylums?

## ABOUT A LOCALITY

How is the quickest way to get there?  
Who lives at a given address?  
Is there a telephone at the address or nearby?  
What is the character of the neighborhood?  
Is it a "home-owners" section?  
What is the nearest street corner?  
What is the nearest store, church, school, garage, shopping center, parking lot, etc.?  
Where are the public and office buildings?  
If it is a business location, what business?  
If an office building, what firms or professional people are in what rooms?

## ABOUT A BUSINESS CONCERN

What is the nature of the business?  
What is the correct name and address?  
Is it a Proprietorship, Partnership or Corporation?  
Who are the partners, owners, or officers?  
Who else in same or similar lines?

## Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

THE PUBLISHERS

A FOR YOUR THOUGHTS!

There's one that buys more than most --and that's the penny you spend for electric service! For instance, you can

six large rugs for one cent's worth of electricity.

And just one penny buys the power to wash three

of laundry!

Like to sew? You can

for five hours

on one

worth of electric power. In fact, every

time you pay your electric bill

you're paying

for a

of comfort, work-and-time-saving help,

and pleasure. Yes, electric service is a real friend

. . . always ready at the flick of a

and so

low in cost that you must agree: It's the Biggest

Bargain in the family budget!

OUT OF BUSINESS! . . . .**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Do your employers  
furnish you with the  
latest edition of the  
City Directory

?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

"**r**"—RESIDENT

"**h**"—HOUSEHOLDER

**"r" AND "h"**

Two important symbols are used in your City Directory. The symbol "**r**," before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "**h**" stands for "Householder"—the person in whose name the home is occupied.

## A STATEMENT OF ADVERTISING PRINCIPLES

1. **Good Advertising** ~ aims to inform the consumer and help him to buy more intelligently.
2. **Good Advertising** ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. **Good Advertising** ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. **Good Advertising** ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

*Advertising Federation of America*

## Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Insist on Being Well Represented in Its Pages

## Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

## Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

## Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

## Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight

**Insist on Being Well Represented in Its Pages**

## Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

## Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight

Insist on Being Well Represented in Its Pages

Directory of Householders, Occupants of Office Buildings and  
Other Business Places, Including a Complete  
Street and Avenue Guide

Including Audubon, Devon Park, Edgewood, Foxtown, Garden City,  
Hanover Heights, Highwood Park, Idlewild, Long Leaf Hill,  
Oak Court, Oak Crest, Piney Woods and Winter Park

# 1958

Copyright, 1958, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both side of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

(The numerals that appear at right edge of columns ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

## Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

## Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

## Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

## Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

### Your City Directory Contains:

**1**

An *ALPHABETICAL* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

**2**

A *HOUSEHOLDERS' DIRECTORY* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

**3**

A *CLASSIFIED BUSINESS DIRECTORY* listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

**4**

A "*YELLOW SECTION*", where the advertiser may explain in greater detail the services or products he has to offer.

**5**

A *STATISTICAL and HISTORICAL STORY* of your city: plus miscellaneous other information.
